

17 Jan 2008
Vice Chair's Update

A meeting held between NS, PD and Mr Loftus on 20 Dec 2007 resulted in useful discussions as to the school's short and medium term priorities for indoor and outside improvements. Coupled with issues raised through the PTFA about pedestrian safety at and around the school entrance a list of priorities for funding and fundraising was agreed thus,

Short term

Signage for school entrance to enhance pedestrian safety. (*Approx £400 of which PTFA to pay 50%*) **PTFA to approach parent body for £1 per child voluntary contribution**

Reception reading scheme replacement and shelving (*approx £800*) **Approved School to purchase and bill PTFA**

Set of bibles appropriate to each age group (*approx £500*) **Approved based on detailed quote received from RMcL. School to purchase and bill PTFA**

Replace library stocks (*£500 minimum*) **£500 approved but with another discussion I imagine we could provide a bit more School to purchase and bill PTFA**

Radio/CD player for 4 KS2 classes (*approx £200*) **Approved – have confirmed that players require CD/Tape and record to tape facility. PTFA to purchase.**

Role play area for year 1 (*approx £500*) **Approved – school to purchase and bill PTFA**

Medium term

Storage shed and associated concrete base for early years play area new equipment (*KL to source quote*) **Approved**

Early years outdoor equipment (*Teaching staff to define exact wish list for pricing*) **Approved**

These priorities also support improvements that Mr Loftus is planning in relation to the whole early years play area and the library facilities provided within the school.

Action Required

The Committee meeting of 17 Jan 2008 are asked to agree the spending of funds on immediate priorities in line with funds available. The Committee are also asked to agree medium term priorities and fundraising targets where these can be calculated.
